### BURGLAR TOOLS AT FIRE.

Believe Thieves Started Blaze in Wareflouse.

The discovery of burglar tools early yesterday morning in a building adjoin-ing the warehouse in South street which was destroyed by fire Sunday night has led the police and officials of the Fire Department to believe the blaze may have been started by burglars. Firemonths weak. The local spot market man Daniel Healy, driver for Deputy was quiet and nominally unchanged. Fire Chief Joe Martin, found the tools in the top floor hallway of 292 South street.

Upon further investigation he found that the offices of Frank C. Yong Com pany, a trucking and storage concern on that floor, had been broken into and the safe "cracked." The Fidelity Warehouse, at 290, where the fire occurred was too badly wrecked to determine whether burglars had entered it.
